

NEZ PERCE COUNTY REPUBLICAN WOMEN'S CLUB REPORT

SEPT 2024 - FEBRUARY 2025

September was a busy month. We joined the NCPRCC in the Rodeo Parade as we carried our club banner in front of the central committee float. Then we had a booth at the Lewiston Roundup, an entire weekend event where we sold Trump merchandise, and distributed information about our candidates and Prop 1. And then a couple of weeks later, we had a booth at the Nez Perce County Fair, another 4-day event. The Trump signs were hugely popular. For our regular meeting, we played a ranked choice voting game so to better understand and be able to explain it. Our Caring for America committee donated diapers to those in need, food items to the school district pantry, and treats to a local fire station. And lastly, 5 of our members attended the IFRW convention.

In October, many club members helped man the NPCRCC Headquarters and we participated in 2 sign waves with the central committee. We passed a resolution opposing Prop 1 and then hosted a presentation against Prop 1 and RCV. The presentation was held at the community center and was open to the public. Senator Dan Foreman and Representative Brandon Mitchell attended our regular meeting and addressed membership. We also hosted a Meet & Greet where Congressman Russ Fulcher, all Republican District 6 and District 7 candidates, and the Republican county commissioner candidate attended and participated. Turnout was at almost 100 people and the local KLEW News covered the event.

In November, we did an election day sign wave, helped get people to the polls, and some members volunteered as poll watchers. After the election, we shifted our efforts to supporting veterans. We invited Colonel Becky Loomis to our meeting where she spoke about her experience in the service and we gifted her a beautiful bouquet. She was also our veteran honoree in the Veterans Day Parade where we passed out small flags and candy. The Caring for America committee donated coats and gloves to the Salvation Army.

In December we had a Christmas party where we enjoyed a White Elephant gift exchange and lots of delicious treats.

In January, we focused on renewing dues and Club business such as calendars, budgets, and goals for the new year. NPCRWC President and Vice President attended the Idaho County Republican Women's Club in support of their new president and executive board.

At our February regular meeting, we did a recap of what it means to be an IFRW club: hours and awards and why it matters. We also started the Evening Socials again. February's Evening Social was an informative HAM Radio presentation. We have been helping the NPCRCC with Lincoln Day and are looking forward to it this weekend in March.

As always, we strive to be an asset to the Nez Perce County Republican Central Committee, to build good relationships with sister clubs, to educate our community about Republican principles, and to get our good Republican candidates elected.

Heather Moore
NPCRWC President
